A Handbook Of Contemporary Theology Tracing Trends And Discerning Directions In Today's Theological Landscape

Essays analyze the importance of religious faith, hope, and the love of God in Catholic spiritual life.

Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious landscape. The members of the movement are simultaneously growing, unifying, and maintaining its characteristic diversity of traditions, identities, and rituals. The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions, praxis, theologies, and communities. As Contemporary Paganism continues to grow and mature, new angles of inquiry about it have emerged and are explored in this collection. This examination and study of contemporary Paganism contributes new ways to observe and examine other religions, where innovations, paradoxes, and inconsistencies can be more accurately documented and explained.

The T&T Clark Handbook of Political Theology is a comprehensive reference resource informed by serious theological scholarship in the three Abrahamic traditions. The

engaging and original contributions within this collection represent the epitome of contemporary scholarship in theology, religion, philosophy, history, law, and political science, from leading scholars in their area of specialization. Comprised of five sections that illuminate the rise and relevance of political theology, this handbook begins with the birth of contemporary “political theology,” and is followed by discussions of historical resources and past examples of interaction between theology and politics from all three Abrahamic traditions. The third section surveys the leading figures and movements that have had an impact on the discipline of political theology in the twentieth and twenty-first centuries; and the contributors then build on previously discussed historical resources and methods to engage with contemporary issues and challenges, emphasizing interreligious dialogue, even while addressing concerns of relevance to a particular faith tradition. The volume concludes with three essays that look at the future of political theology from the perspective of each Abrahamic religion. Complete with select bibliographies for each topic, this companion features the most current overview of political theology that will reach a broader, global audience of students and scholars.

A unique survey of nine key Bible doctrines and the various positions within the evangelical church with respect to each doctrine.

A guide to the concepts and language used by contemporary theologians, designed for students for whom English is a foreign language. There is an outline and introduction to each topic covered, followed by a reading section, exercises, self-tests and discussion.
questions.
The study of God, His nature, and His Word are all essential to the Christian faith. Now those interested in Christian theology have a newly revised and updated reference tool in the 25th Anniversary Edition of The Moody Handbook of Theology. In this classic and timeless one-volume resource, Paul Enns offers a comprehensive overview of the five dimensions of theology: biblical, systematic, historical, dogmatic, and contemporary. Each section includes an introduction, chapters on key points, specific studies pertinent to that theology, books for further study, and summary evaluations of each dimension. Charts, graphs, glossary, and indexes add depth and breadth. Theology, once the domain of academicians and learned pastors, is now accessible to anyone interested in understanding the essentials of what Christians believe. The Moody Handbook of Theology is a concise doctrinal reference tool for newcomers and seasoned veterans alike.
"Rivals the major systematic theologies of this century." --Baptist History and Heritage Journal, July 1996 "One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives . . . that teachers and students from other confessional and denominational positions will find his work instructive." --Consensus, 1997 "If one is searching for an extensive exposition of the biblical foundations and
historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this . . . Pastors will especially find this feature to be a real help in teaching theology . . . [It is] an indispensable contribution to the task of systematic theology." --Journal of the Evangelical Theological Society, September 1999 "Many students and pastors will find all they need here, and will in addition be helped to relate their knowledge to recent developments in the theological world." --The Churchman: A Journal of Anglican Theology, 1991 "A gold mine of helpful material." --The Christian Century, May 29-June 5, 1991 "No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind-boggling." --Faith and Mission, Fall 1991 "Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint. The work is well documented in both biblical and historical scholarship and will prove to be a classic." --William Hendrickson, Southern Baptist Theological Seminary "One of the most comprehensive, concise books of its type available; it should receive wide use in the classroom and in the study." --Robert H. Culpepper, Southern Baptist Theological Seminary

This introduction to contemporary theology looks at the origin and history of each movement, their major figures, and doctrinal emphases. The author evaluates the teachings and practices of each system in light of biblical Christianity.
"A solid presentation of major trends in modern theology."--Christianity Today.
The Moody Handbook of Theology leads the beginner into the appreciation and understanding of this essential field of study. It introduces the reader to the five dimensions that provide a comprehensive view of theology: biblical, systematic, historical, dogmatic and contemporary. The apostle Paul wrote that all Scripture is 'profitable for teaching' (2 Tim. 3:16), that Timothy should 'pay close attention to...your teaching' (1 Tim. 4:16), and that leaders should 'be able both to exhort in sound doctrine and to refute those who contradict' (Titus 1:9). When he wrote these statements, Paul was referring to theology. Beyond giving basic definitions and general descriptions, author Paul Enns summarized the substantial features of theology. In this way, he provides a concise doctrinal reference tool for the newcomer as well as the seasoned scholar seeking a refresher. There are fifty-five informative charts located at strategic points throughout the book.

Helping you navigate the complex debate among Christians over postmodernism, Robert C. Greer maps four different paths marked out by Francis Schaeffer, Karl Barth, John Hick and George Lindbeck. Ultimately, he points to the true Subject who makes knowledge possible through the language of revelation and relationship with God. This study looks at the formation of theology as it emerges out of biography. Indeed, the biography of the theologian is the key to unlocking the meaning of his or her writings, and a valuable tool for a thorough investigation of their work. There will be a
focus on the biography of Karl Barth and how this relates to his theological writings. Attention will then be turned on a group of North American theologians to analyze how Barth's theology has influenced their personal experiences and corresponding theologies. The personal experience of the theologian provides the background to the theological judgments she or he makes, and therefore provides valuable insight into what she or he has written. Experiences in the theologian's life determine how she or he forms and communicates the ideas that the experiences have given rise to. Indeed, theologians profoundly connect with readers as they write theology as an expression of their experiences of faith. Therefore, this book contends that there is a necessary connection to be made between the theologian as a person and the theology that emerges out of her or his unique biography. Indeed, it will be argued that theology is born out of the lived encounters of the theologian that develop into the kind of personal convictions, passions, concerns, questions, and a motivation to connect with others that is evident in her or his writing. Consequently, theology and theologian are inseparable. Scripture has always played an important role in Christian theology. This study provides an issue oriented overview of the concepts of Scripture in Protestant theology from the 16th century Reformation onward. It then sets forth the concepts of Scripture in the theologies of two contemporary systematic theologians: W. Pannenberg and D. G. Bloesch. It analyzes, compares and evaluates the theological and anthropological presuppositions that have influenced their concept of Scripture. Despite fundamentally
different starting points and other significant distinctions Pannenberg and Bloesch reveal surprising similarities. This seems to suggest that for both the concept of Scripture is determined ultimately by presuppositions that are derived and shaped extra scripturamÓ.

This comprehensive handbook provides a Christian perspective on religion and its many manifestations around the world. Written by top religion scholars from a broad spectrum of Christianity, it introduces world religions, indigenous religious traditions, and new religious movements. Articles explore the relationship of other religions to Christianity, providing historical perspective on past encounters and highlighting current issues. The book also contains articles by adherents of non-Christian religions, offering readers an insider's perspective on various religions and their encounters with Christianity. Maps, timelines, and sidebars are included.

Explores religious truth in a range of world religions and discusses the issue and philosophical implications of comparison itself.

What theologies are popular and formative of Christian thinking in the present day? How should they be assessed by those Christians who want to be "in the world" without being "of the world"? Theologies of the 21st Century begins with an overview of the historical roots from which current theological thinking has developed, and then moves on to a detailed evaluation of the chief doctrinal and practical emphases, taking an evangelical biblical perspective that seeks to be at once both critical and irenic.
'All God's People: A Theology of the Church' sets out a corrective understanding of the nature of the church universal with a focus on implications for the church local. The book is divided into three basic sections: A Historical Theology of the Church surveys the history of theology of the church, beginning with the early church, the formative years for all Christian theology; A Biblical Theology of the Church examines the Old Testament, Gospels, and apostolic sense of the people of God; A Systematic Theology of the Church seeks to both systematize the biblical theology and synthesize it with contemporary thought. Finally, A Practical Theology of the Church concludes the work relating the book's lessons to the contemporary church climate. Recent decades have seen major shifts in our understanding of Christian identity. This timely book explores contemporary theological theory in asking what makes a Christian in the twenty-first century. Engages with developments in contemporary theological thought, assessing the work of leading figures Rowan Williams, John Milbank, and Kathryn Tanner Challenges accepted ideas of Christian identity by revealing largely unexplored perspectives on how sin affects its formation Contributes to vexed debates about Christian identity at a time when Christianity is expanding in some regions, yet in decline in many parts of the Western world Defines 6,000 terms on such topics as the Bible, worship, theology, ministry, ethics, church history, and spirituality
Violence and Social Injustice Against Lesbian, Gay, and Bisexual People helps you look past the stereotypical picture of violence against sexual minorities--the public physical assaults on gay, lesbian, bisexual, and transgendered youth by hypermasculine male thugs--and directs you toward the many daily acts of quiet violence that go on, unhindered, in the workaday settings of our legal, social, educational, and law-enforcement institutions. You’ll learn about the frightening prevalence of complacency, homophobic ignorance, and apathy that pervades our police departments, courts, high schools, and churches. Also, armed with this critical insight and statistical research, you’ll be better equipped to wage a non-violent war of fairness and mutual respect against the daily, senseless violence of policy and practice that threatens to render gay, lesbian, bisexual, and transgendered people unwelcome and battered citizens in their own communities. You’ll find that Violence and Social Injustice Against Lesbian, Gay, and Bisexual People is ideal for aiding social workers, counselors, teachers, and criminal justice officials in removing the unseen acts of violence from the policies and practices of the public sector. These and other specific areas will give you the information and the fortitude necessary to evoke positive change in your community: legal issues relating to same-sex marriage the connection between social injustice and violence violence against sexual minority youth sexual identity and ethnic minorities practice and policy recommendations As this book shows, violence
against sexual minorities can be subtly woven into the very fabric of some of our most long-standing, respected social institutions. For too long, the sexual minorities of color, for example, and the lesbian who suffers physical assault at the hands of a partner, have had little or no help from social workers, law enforcement, or education for fear of receiving either complete negligence or increased antagonism. But now, in Violence and Social Injustice Against Lesbian, Gay, and Bisexual People, you’ll find the facts and tools necessary for turning the ugliness of communal violence into social justice for people of all sexual orientations.

This reliable guide lists and ranks approximately 800 Bible commentaries and 1,200 printed volumes, as well as numerous computer resources related to biblical interpretation, theology, and church history. Commentaries are categorized by level and approach and recommended titles are highlighted. A unique and special studies section lists works of significance for each book of the Bible.

War Time Preaching and Teaching explores the hermeneutics (science of interpretation) and homiletics (art of preaching) of both Rudolf Bultmann and Dietrich Bonhoeffer. The book explores the thought and impact of these two theologians primarily within the American debate. Both Bultmann and Bonhoeffer are somewhat misunderstood, and it seems that they are either totally accepted or rejected, depending in many instances on one's personal understanding of their method of biblical interpretation. The book attempts to objectively view their methods of biblical
interpretation and how they expressed their research in their writings, preaching, and teaching. Both concluded that the presenting of the Gospel in a relevant manner is the ultimate need for humankind today. Both lived during a most challenging period of world history, but were able to communicate in a captivating manner. Certainly the times in which we live today call for those who possess a similar commitment.

Covers encoding and binary digits, entropy, language and meaning, efficient encoding and the noisy channel, and explores ways in which information theory relates to physics, cybernetics, psychology, and art. "Uncommonly good...the most satisfying discussion to be found." — Scientific American. 1980 edition.

This ground-breaking book challenges readers to rethink the divide between liberal and orthodox approaches which characterises Christianity today. Provides an alternative to the liberal / orthodox divide in contemporary Christianity. Defends Christianity's engagement with non-Christian traditions. Includes important discussion of theological method. Illustrated with case studies involving human rights, interfaith tolerance, economics, and ethics.

This work on historical theology follows key Christian beliefs chronologically discussing the most important movements and doctrinal developments for theology according to their historical appearance. Historical Theology Made Easy offers students of the Bible the opportunity to study the historical development of theology according to God's providence throughout the history of the Christian church. This approach allows readers
Where To Download A Handbook Of Contemporary Theology Tracing Trends And Discerning Directions In Today's Theological Landscape

to concentrate practically on the development of Christian teachings and their formulation in the early church, through the Middle Ages, Reformation, post-Reformation and into the modern period. This book includes key primary sources citing quotes from Irenaeus, Augustine, Aquinas, Luther, Calvin, the Puritans and others. It makes historical theology, which is often overwhelming, easy to follow. Written by leading experts on both the thought of Edward Schillebeeckx and modern theology, this handbook offers the first comprehensive study of the historical, philosophical, political and theological aspects of Schillebeeckx's work. As one of the most influential Catholic theologians of the twentieth century, he played a key role in the preparations for the theological revolution of the Second Vatican Council and the debates of the post-conciliar era. His engagement with critical theory, hermeneutics, and biblical scholarship culminated in his groundbreaking Christological trilogy, which marked Schillebeeckx as one of the most significant and innovative thinkers of his time. By building an overview of recent research into Schillebeeckx's writing, the contributors shed new light on his influence and ongoing relevance in contemporary theology. Beginning with the roots of Schillebeeckx's views on metaphysics, spirituality and faith, the essays then move to his work during and after the Second Vatican Council, and then to his engagement with new directions in philosophy and his renewal of classical topics such as creation, theological and soteriological anthropology, and eschatology. Culminating with an analysis of theology and culture, this handbook thoroughly explores
the implications of Schillebeeckx's theology for a contemporary readership. Refilling the Church’s Fountain of Youth is a must read for any individual who has a need for grasping a further understanding of why the decline is occurring within churches amongst the young adult population. Therefore, pastors, church leaders and the emerging population are encouraged to add this work to their repertoire to further enhance their knowledge and wisdom of the challenges that exist within retention and attraction of young adults. Additionally, the work provides the example of a strong church community that understands the benefits of providing the young adults with support, love and the freedom to develop into disciples without fear of judgment or contradiction. Finally, the work is designed to provide assistance to any denomination or church that has recognized the decline of membership as it relates to emerging adults. It is indeed a necessary tool that can provide assistance and guidance for anyone working in the trenches of ministry. -from the foreword by Lori D. Spears, D.Min. This book offers a portable and repeatable model of ministry that crosses denominations and ethnic boundaries within the church. Are you a pastor looking to improve your young adult ministry? Are you a leader of a teaching ministry looking for ways to be more effective? Are you a parent seeking to understand your young adult child's faith journey so that you can minister effectively? Are you a seasoned Christian who wants to be equipped to engage with young adults inside and outside your congregation? Then this book is for you!
This volume examines the various theological aspects of divorce and remarriage—historical, contemporary, exegetical, and practical—recognizing that all are subject to the teaching of Scripture. This is done in such a way that readers may follow the author's thinking and so form their own practical theology of this difficult ethical issue.

How does the process of seminary transform? Why do you believe what you believe? What are some effective methods for preaching? How can one be empowered to minister to the masses? I Trusted the Process is a reflection upon how one's sojourn through seminary answers these questions. Join the author on a journey back in time where his experience or process in seminary transformed him and profoundly shifted the way that he thinks and ministers.

While some cast doubt on the worth of seminary, even going to great lengths of labeling it a cemetery, the author's works collected in this volume from his time in seminary show how seminary can challenge someone; how it challenges someone to the extent that if that someone trusts the process, that someone will come out better on the other side. I Trusted the Process provides models and example work from seminary that readers can use to do their own work of determining what they believe and why. Works within this volume also provide examples of biblical exegesis, preaching methodologies at work, reflections on
written works and of holistic ministry, and a pattern for articulating one’s own Christology, among other things. Navigating through this book for those unable to attend seminary can serve as its own type of process. It also provides insight into the mind of one who seeks to help change the world. If one is to believe the glowing words from the foreword and the cover, such a mind is worth exploration. He can say: I Trusted the Process. Can you?

One of the most powerful forces in the twenty-first century is the increasing phenomenon of globalization. In nearly every realm of human activity, traditional boundaries are disappearing and people worldwide are more interconnected than ever. Christianity has also become more aware of global realities and the important role of the church in non-Western countries. Church leaders must grapple with the implications for theology and ministry in an ever-shrinking world. Globalizing Theology is a groundbreaking book that addresses these issues of vital importance to the church. It contains articles from leading scholars, including Tite Tiénou, Kevin Vanhoozer, Charles Van Engen, M. Daniel Carroll R., Andrew Walls, Vinoth Ramachandra, and Paul Hiebert. Topics covered include the challenges that globalization brings to theology, how we can incorporate global perspectives into our thinking, and the effect a more global theology has on a variety of important issues.
Carl F. H. Henry has been called "the Dean of evangelical theologians," and "the premier theological representative of the evangelical movement in the last half of the twentieth century." When his magnum opus, God, Revelation, and Authority, first appeared, it was hailed as "the most important work of evangelical theology in modern times." Carl Henry: Theologian for All Seasons not only introduces contemporary readers to Carl Henry the man, but also demonstrates that his theology possesses striking relevance for our own situation. We are introduced to his place in the complex mosaic of twentieth century theology, his simple but sophisticated doctrine of revelation, and his value for current discussions of a wide variety of issues. Henry's reflections on hermeneutics, philosophy, and faith; the nature of revelation and of God; the social implications of Christianity; and many other vital topics, turn out to be as pertinent now as when they were written. Not everyone agrees with Carl Henry's approach, of course, so this book features an extensive dialogue between Henry and his critics, making the case that his thought has been incorrectly described as outmoded and that he offers clear guidance for twenty-first century thinkers. To make the wealth of material on the many topics in God, Revelation, and Authority more accessible, the book includes a theological index, a macro index, and detailed outline of the entire six volumes.
